BOOK SYNOPSIS

This book expands on the content presented by Lisa Dieker in her DVD/Video "7 Effective Strategies for Secondary Inclusion." Dr. Dieker focuses both on school-wide, as well as "universally designed" classroom-based approaches. She provides practical solutions to implement inclusion by addressing the many challenges presented by students and teachers in secondary learning environments. The theme is that "together we are better," and our collaborative efforts must listen to the most important voices- that of our students.
