BOOK SYNOPSIS

When it comes to fishing in Canada and beyond, nobody knows more than the writers and editors at Field & Stream magazine--unless its the local guides, lifelong ice-fishermen, and other regional experts they interviewed to create this book. With a focus on the fish and fishing techniques Canadians love best, this special edition of the top-selling manual covers everything from flyfishing for tiger trout, splake, and cutbwo to special techniques when fishing the Arctic circle, and much, much more. Detailed items break down how to build the ultimate tackle box and the best bait and lures for the wealth of species you'll find in Canada's waters, as well as techniques to catch all of the most popular gamefish, and tactics for fishing ponds, rivers, lakes, and oceans in every season and every province. Whether youre a weekend angler looking to hook your kid on fishing or a serious sport fisher looking for the best fishing season ever, this book has the information you need, presented with tons of color photos and handy illustrations.
